

Phone Calling Begins for National Directory

February 11, 2008

Dear Sacred Heart Alumnae and Alumni,

I would like to inform you of our current efforts to prepare the fourth edition of the AASH National Directory of US alumnae/i of the Sacred Heart. This is separate from any effort you may be involved in from your alum school.

AASH has partnered with PCI, Publishing Concepts Inc – the Data Company, to produce our alumnae/i directory. We carefully selected PCI. Their current client list is impressive, with service to 75% of the top 25 universities including Princeton, Harvard, Stanford, and Cornell Universities. They come highly recommended. You can visit their website at the following link: <http://www.publishingconcepts.com>

Soon, a PCI representative will contact you by phone or later by postcard to verify your information. We appreciate your willingness to support us in this endeavor, as this is a critical link to being a part of the Sacred Heart network of alumnae and alumni. Your timely response to their query is important to us.

If you have any questions regarding this project, please direct them to correspondingsecretary@aashnet.org or directly to PCI at 1-800-982-1590. Thank you in advance for your participation!

Sincerely,
Suzy Kratochvil
Corresponding Secretary
AASH
